

## Recommendation of Current Mathematics Teacher

Name of Applicant	
Name of Teacher	
Name of School	

### **Instructions to the Applicant**

Please fill in your name and give this form to your current mathematics teacher.

### **To the teacher**

The student named above has applied to the HMC Projects Scholarship Programme. We should be most grateful for any assistance you can give us in our evaluation process by completing this form. The student is an applicant for an award for academic study in a UK boarding school and the personal experience of living abroad. The competition for the award is very strong and we depend on and value your assessment. Your comments, which we shall hold in confidence, will form part of this student's profile, which will include an interview, teacher recommendations, a school transcript (grades) and a written essay.

If selected the student will also be expected to participate in extra-curricular activities, while living as part of a new community. We should appreciate your candid opinion of this applicant as we evaluate just how suitable he/she is to be awarded a scholarship.

***When you have completed it, please give this form back to the student in a sealed envelope.***

For how many years have you <u>known</u> the student?	
For how many years have you <u>taught</u> the student?	
In what course(s) have you taught the student?	
Student's current mathematics course title	
Please describe the student's current course content:	
If you know the student well, please comment on areas of special interest, talent, proficiency or contribution other than in academic ones.	

For each skill or attribute below, please place a check mark in the column that represents your evaluation of the student in comparison with other students in his or her age group whom you have taught. If you have no basis for judgment, please do not hesitate to indicate so.

	One of the top few I have ever taught	Excellent (Top 10% this year)	Good (above average)	Average	Below Average	No basis for judgment
Knowledge of the basic skills						
Accuracy in the use of basic skills						
Problem solving ability						
Reasoning ability						
Understanding of/appreciation for underlying ideas and concepts						
Effort/determination						
Command of mathematics compared to other students you have taught						
Academic potential						
Intellectual curiosity						
Organisation						
Honesty/integrity						
Maturity (relative to age)						
Concern for others						
Responsibility						
Emotional stability						
Overall evaluation as a person						
Overall evaluation as a student						

If the student is notably strong or weak in any area listed above, please explain;

How do you judge the applicant's qualifications altogether in terms of criteria such as character, adaptability, self-discipline, and/or relations with classmates and adults?

Thank you very much for your candour and assistance.
